FOR IMMEDIATE RELEASE

Kick-off Ceremony Set New HOV/Mixed-Flow Lanes on State Route 60

Soundwalls will be part of the project

WHO: Caltrans is kicking off the start of construction of a project to complete the gap of HOV lanes between the SR60/I-15 separation to Valley Way. Riverside County 2nd Dist. Supervisor John Tavaglione, RCTC Chairman Marion Ashley, and RTA Chairman Jeff Fox have been asked to speak at the ceremony.

WHAT: A \$55 million project to add new High Occupancy and Mixed-Flow Vehicle lanes on State Route 60 between the SR60/I-15 Interchange and Valley Way.

WHEN: Wednesday, April 12. The ceremony starts at 1 p.m.

WHERE: The Big Leagues Dreams Sports Parks, 10550 Cantu-Galleano Ranch Road, Mira Loma.

WHY: To provide a continuous connection of High Occupancy Vehicle lanes from the Los Angeles County line to the 60/91/215 Interchange, and to enhance traffic management through increased freeway capacity. This fills in the 7-mile carpool lane gap on SR60. Once completed, SR60 will have 22 miles of continuous miles of carpool lanes from the SR60/SR71 Interchange to the interchange between the 60/91/215 freeways.
